

**BACKGROUND:**

Lambert Concrete, Inc. has been a professional poured concrete contractor serving Northwest Indiana & Southeast Illinois since 1970. Lambert Concrete prides itself in being a full service concrete contractor providing the full spectrum of foundation, flatwork, and excavation services. Licensed, bonded and insured in all municipalities in Lake & Porter County (Indiana) and Will County (Illinois).

**SERVICES:**

- Poured concrete footings & foundations (cast-in-place, 100% aluminum forming system)
- Poured concrete flatwork (steel trowel finished slabs, floors, & exterior flatwork)
- Foundation drain tile & damp proofing
- Foundation insulation, window wells & drains
- Full excavation services (provided through a partnership with Skyway Trucking & Excavating, Inc.)
- Colored and stamped concrete
- Epoxy and urethane crack repair
- Specialty epoxy floor coatings and sealers

**FIELD PERSONELL:**

Lambert Concrete has over 25 qualified men in the field led by superintendents that average 23.5 yrs experience and foremen that average 11 yrs experience. With our large, experienced force in the field, Lambert Concrete is able to deliver both top quality craftsmanship and outstanding service, getting projects out of the ground efficiently and accurately. Lambert Concrete also boasts a full-time specialty services division which performs warranty repairs and specialty floor coverings (sealers, epoxy, urethanes).

**OFFICE PERSONELL:**

Lambert Concrete has a full-time office staff ready to assist customers on a daily basis. Estimating, billing, scheduling of inspections, and effective communication through our office staff provide customers with the back-office support indicative of a professional concrete subcontractor.

We appreciate the opportunity to bid on your projects, and we're confident that Lambert Concrete can help make the concrete work on your projects more efficient, higher quality, & lower overall cost.

Sincerely,  
Brad Lambert, President
